Profile

I am a Computer Science student at EK with experience in Java, Spring Boot, python, SQL databases, REST APIs and DevOps practices. Through projects and customer collaborations, I have developed backend systems, worked in Scrum teams and gained experience with modern software development workflows. I am seeking an internship where I can further develop my skills within backend development, cloud technologies and DevOps.

EDUCATION

Nykøbing Katedralskole — HF

August 2020 – June 2022

Erhvervsakademi København(EK)

August 2024 – June 2027 (Expected)
